

# Drilling Fluid Recirculation Pump: Selwood S150E

Required to return the drilling fluid from the top of the borehole to the settling tanks and sand shaker, the returns pump has to be tough, reliable and efficient.

Selwood are the leading UK manufacturer and the S150E has been tried and tested over years of use for drilling applications.

WJ specification includes acoustic canopy, hard wearing components and electric motor to eliminate.

Technical Data	
Weight (dry weight)	2,000 kg
Width	1,520 mm
Length	2,450 mm
Height	1,740 mm
Maximum Flow Rate	300 m <sup>3</sup> /hr
Maximum Pressure	1.5 bar
Engine Power	40 KW
Inlet / Outlet Connections	150 mm
